

# Environmental protocol

When working for, or on behalf, of Synergy:

## DO

- Comply with our environmental policy.
- Meet environmental legal requirements.
- Identify environmental risks and implement controls.
- Report and respond to environmental incidents immediately.

## DO NOT

- Cause environmental harm or pollution.
- Dispose of fuel, chemical or oils into drains or the environment.
- Dispose of controlled waste without a licensed carrier.
- Generate excessive dust or noise emissions.
- Clear native vegetation or disturb environmentally sensitive areas.
- Spread dieback or noxious weeds.
- Cause harm to native wildlife.
- Disturb an Aboriginal site.
- Litter.
