

# Environmental protocol

---

When working for, or on behalf, of Synergy:

## DO

Comply with our environmental sustainability policy.

Meet environmental legal requirements.

Identify environmental risks and implement controls.

Report environmental hazards.

Report and respond to environmental incidents immediately.

Segregate waste and reuse or recycle items where possible.

## DO NOT

Cause environmental harm or pollution.

Dispose of fuel, chemical or oils into drains or the environment.

Dispose of controlled waste without a licensed carrier.

Generate excessive dust or noise emissions.

Clear native vegetation or disturb environmentally sensitive areas.

Spread dieback or noxious weeds.

Cause harm to native wildlife.

Disturb an Aboriginal site.

Litter.
